A PERFECT ROUND!

Some shooters call it the "perfect round". Others, simply AA". Because for more than 30 years, Winchester® AA Target Loads have reigned as the standard of excellence and over whelming choice of serious target shooters the world over.

And you can bet on the fact that every time shooters attempt a perfect round in any of the clay target sports – AA target loads will be there.

It's no wonder, then, that Winchester AA Target Loads have been endorsed by the National Skeet Shooting Association, the National Sporting Clays Association and the Amateur Trap Association.

Winchester AA Target Loads: millions upon millions upon millions of rounds later – still the highest quality, highest performance target loads ever developed. By any measure, a perfect round.

National Shooting Complex - San Antonio, Texas - March 14-17, 2002**

Dear Collegiate Shooters, Coaches, Sponsors

I hope that you enjoyed this year's tournament. The tournament's success is based in part on the many professional volunteers who donate their time, energy and resources for this event. We need to thank Martin Edmondson and USA Shooting for their continued involvement and support with this collegiate competition. Their assistance has been invaluable in helping us staff and administrate this tournament and it is very much appreciated.

Thanks go out to the tournament staff and support crew of Martin Edmondson, Ellie Schad, Jon Ogilvie, Steve Hood, Steve Musser, Ryan Roland, Barry Wilson, Arch Alexander, and NRA's Marcus Raab. In addition, a very special thanks goes out to Michael Hampton Jr., and Bill Christy for their last minute involvement with some very critical planning issues that came up for the 2002 tournament. We would also be remiss if we didn't thank the National Shooting Complex for their hospitality and the very excellent staff that work so hard to make our tournament successful.

I would also like to thank you, the shooters, and your families and ask that you join with me in thanking our sponsors who have stayed with us through some difficult times over the last 2 1/2 years.

Please be sure to offer your personal thanks as well, by sending a note or in patronizing these companies for the wonderful shooting sports products they produce. You can view their contact information on our web site.

Please join with me in thanking Mr. Paul Clarence and Winchester/Olin, Douglas Painter and The National Shooting Sports Foundation, The National Rifle Association, USA Shooting, The National Skeet Shooting Association, The Amateur Trapshooting Association and the Trapshooting Hall of Fame Museum, The National Sporting Clays Association, Lonesome Charlie's Leatherworks, MEC Shotgun Reloading, Trius Traps, The Family of F. C. "Sandy" Wood, The Family of Edward C. Migdalski, and Dr. John W. Obringer.

Thank you, take care, enjoy the "Final Results Bulletin" and shoot well.

THE SPORT REQUIRES
YOU HOLD YOURSELF TO A
STANDARD
OF PERFECTION.
WE ASSUME IT EXPECTS THE SAME OF US.

More often than not, a perfect score is the difference between winning and losing. And like you, we don't play to lose. Which is why this year (and for every year as long as we can remember) more shooters chose AA[®] shotshells over any other at the Grand American, the NSCA National Championship and the NSSA World Skeet Shoot. Like we said, we don't play to lose.
