38th Annual ACUI Intercollegiate Clay Target Championships
National Shooting Complex
San Antonio, Texas
April 5–9, 2006

As each year goes by, we have seen a consistent growth in this program. This year, we saw a 20 percent increase with 27 schools represented by 260 students. This increase in interest in shooting sports and our championship is not the work of just one person. There are many people involved in the planning and execution of this event, and we need to take a moment to recognize those that contribute to the success of this program:

Jack Robertson, and Zach Snow, National Shooting Sports Foundation
Mary Ann Ventress and Art Ambrosi, Olin/Winchester
Bob Foth, USA Shooting
Russ Arnold, USA Shooting
B.J. McDaniel, USA Shooting
Stanley Marubayashi, USA Shooting
Victoria Croft, National Rifle Association
Kristen Bailey, National Rifle Association
John Norris, Amateur Trapshooting Association and Trapshooting Hall of Fame
Don Snyder, National Skeet Shooting Association/National Sporting Clays Association
F.C. "Sandy" Wood Family
Edward C. Migdalski Family
Mo Parsons and staff, National Shooting Complex
Ryan Roland, Indiana University – Bloomington

Please make it a point to offer your personal thanks by sending a note or patronizing these companies for their support. On behalf of the Association, participants, coaches, and parents, I extend my very sincere thanks to everyone who makes this event possible.

It is also important to thank each of you, the shooters, coaches, parents, and spectators for your support of this program. Thank you for participating—we hope that you had a worthwhile and enjoyable experience.

Until next year--

Jack Voorhees

AA A PERFECT ROUND!

Some shooters call it the "perfect round". Others, simply AA[®]. Because for more than 30 years, Winchester[®] AA Target Loads have reigned as the standard of excellence and over whelming choice of serious target shooters the world over.

And you can bet on the fact that every time shooters attempt a perfect round in any of the clay target sports - AA target loads will be there.

It's no wonder, then, that Winchester AA Target Loads have been endorsed by the National Skeet Shooting Association, the National Sporting Clays Association and the Amateur Trap Association.

Winchester AA Target Loads: millions upon millions upon millions of rounds later - still the highest quality, highest performance target loads ever developed. By any measure, a perfect round.
