AA A PERFECT ROUND!

Some shooters call it the "perfect round". Others, simply AA[®]. Because for more than 30 years, Winchester[®] AA Target Loads have reigned as the standard of excellence and over whelming choice of serious target shooters the world over.

And you can bet on the fact that every time shooters attempt a perfect round in any of the clay target sports - AA target loads will be there.

It's no wonder, then, that Winchester AA Target Loads have been endorsed by the National Skeet Shooting Association, the National Sporting Clays Association and the Amateur Trap Association.

Winchester AA Target Loads: millions upon millions upon millions of rounds later - still the highest quality, highest performance target loads ever developed. By any measure, a perfect round.

Until next year--
