

2020 EDUCATION AND RESEARCH FUND DONORS

Thanks to the generosity of nearly 400 donors, a total of \$71,960 was raised in 2020 to support positive change in the lives of the college union profession through research, education, and scholarships. In 2020, the Education and Research Fund:

- Launched the new Legacy Leader Award initiative to celebrate those recognized by their colleagues for their extraordinary service to the field.
- Presented over \$10,000 in awards, scholarships, and grants to support professional development and research.
- Engaged the highest number of individuals ever during the 2020 Day of Giving, with 192 unique contributors.
- Created the Financial Assistance Fund to enable those whose institutional funds are lessened due to the COVID-19 pandemic to continue to access needed resources, which to date has allowed 15 campuses to renew their institutional membership and 40 individuals to participate in professional development programs.

The Education and Research Fund giving levels are established to represent lifetime cumulative giving, since 1998. Purchases made at an auction at the annual or regional conferences are not included towards lifetime giving. With nearly 700 giving society members, congratulations to the 141 of those who were inducted to a new giving level in 2020.
