## ACUI COLLEGIATE CLAY TARGETS COMMUNITY MEMBER RESPONSIBILITIES

The ACUI Collegiate Clay Target Program is a nonprofit, student-centered, campus-based community of student athletes, volunteer and paid coaches, range facilities, sponsors, friends, families, and Central Office staff. It is only through the diligence of the members of the community that we can maintain a safe and quality organization.

### Community Member Responsibilities

Each member is responsible to follow and uphold all that is contained within this match program guide. We must be self-governing and self-policing. It is each community member's responsibility to:

- **Be Courteous** – We are a student athlete-centered group; we share and collectively benefit from this program. We should model the way for other groups, younger student athletes, and earn the respect of the governing bodies for the sport and all those we encounter. At all times we need to consider other persons and respect their rights and needs as well as expect they should respect ours. Let's keep ACUI a friendly place and help extend our respect and friendliness to everyone we encounter on the field, on campus, and in the world.
- **Be Knowledgeable**
  - Know the contents of this match program, the ACUI code of conduct, and NGB rules.
  - Know and follow the Rules of Gun Safety.
  - Know your club or team officers, campus and ACUI staff, as well as your home and host range personnel.
- **Enforce Safety Rules** – It is each community member's duty to ensure all members and guests obey all safety rules. Remember, we are self-policing. Approach those who are not being safe and ask them to do so. Report rule infractions to the match director, range safety officer, and range host.
- **Report Range Damage/Abuse** – We have access to many beautiful and well-maintained ranges. Help us keep it that way. If you observe someone damaging or abusing the range or club property, ask the person to stop their actions. Report damage or abuse to the match director, range safety officer, and range host.
- **Be a Gun Safety Advocate** –Talk to people about safe shooting, responsible gun ownership, and support of shooting sports.

Get involved with your sport, your campus, and your own community. Let your voice be heard and help make this program even better. For questions, concerns, or suggestions, please reach out to [acuiclays@acui.org](mailto:acuiclays@acui.org).

## IMPORTANT INFORMATION FOR ALL STYLES OF CONFERENCE CHAMPIONSHIPS

It is the shooters' and coaches' responsibility to be familiar with these rules.

### FIREARMS & AMMUNITION STORAGE

Limited firearm and ammunition storage might be available at the ranges. It is suggested that a team contact the individual ranges directly for availability of storage.

### AMMUNITION

Limited ammunition might be available for purchase at the ranges. It is suggested that a team contact the individual ranges for availability of ammunition. Cost of practice and competition ammo is at the expense of the competitor. Ammunition up to 1 oz. is allowed at all international conference events. For American events, check the appropriate NGB rules or match bulletin for allowable loads.

### AWARDS

Individual awards will be presented to the top three individual men and the top three individual women in each discipline. There will be two separate sets of awards: one for college and one for high school.

### HIGH OVERALL (HOA)

Individual HOA awards will be presented to the top individual score for men and top individual score for women by taking the composite score of four events for American Style and two events for International Style. Shooters must shoot all applicable disciplines for scores to count towards the individual HOA award.

Team HOA awards will be presented to the top three HOA teams. The HOA teams are determined by taking the top five composite scores from individual qualified shooters and adding them together to get the top team in appropriate events. The team with the highest target count is the winner, second highest target count is second place, third highest target count is third place. To qualify for team HOA, a team must have a minimum of five shooters, and only scores for competitors that shoot all events (as described below) are counted toward the team HOA.

- American: Skeet, Trap, Sporting Clays, Super Sporting
- International: Skeet and Bunker

There is a 15-minute review period after the final results are posted and the awards ceremony starts. Any correction to results for first through third place must be done during this review period. Once the award ceremony starts, the results are considered final.

College and high school teams and athletes can be squadded together but do not compete against each other.

### NRA HIGH SCHOOL SCHOLARSHIP SHOOT-OFF

The NRA Education and Training Division has donated \$5,500 in scholarship money to be used at the 12 conference championships. At each conference championship, after the Saturday main event has concluded, there will be a shoot-off for a \$500 college scholarship. Every high school shooter will be invited to participate in the shoot-off. The shoot-off procedure will be announced and posted at the event but will normally be a "miss and out" format. Men and women shooters will be competing against each other in this event.

### CLASSIFICATION SYSTEM

To recognize more deserving student athletes at the ACUI Collegiate Clay Target Championships, ACUI has adopted a classification system based on participation in any of the American Style or Super Shoot Conference Championships. By participating in just one conference event and shooting American Trap or Skeet, a student shooter can get classified according to ability and then compete against other shooters with like ability at the 2020 ACUI Collegiate Clay Target Championships. For complete details, go to [www.acui.org/claytargets](http://www.acui.org/claytargets).

## PRACTICE ROUNDS

Practice will be available on the day before the competition begins. Practice rounds can be purchased directly from the range.

## CANCELLATIONS/REFUNDS

See the ACUI website for cancellation information that you agree to during registration.

#### SUBJECT TO CHANGE

Please keep in mind that the tournament schedule, squadding, and this program are subject to change. Although we make every attempt to maintain the published schedule, target malfunctions, weather, and other items are out of our control. It is the responsibility of competitors and/or coaches to check the schedule and squadding daily and most importantly in the evening. Updated information will be posted to the website and at the range. ACUI is not responsible for missed flights, airline change fees, missed squads, etc. Please keep this in mind when making your travel arrangements and schedules.

Match program updates will be shared in two ways. Those not yet registered will see it in the opening screen of registration and in the confirmation. Those already registered will be notified via email. Those of extreme importance and affecting more than one event, we will share that in ACUI Clays News and social media channels.

#### EVENT MANAGEMENT
